

LIVE YOUR MISSION

Christopher Riley – Entrepreneur, Philanthropist, Husband, Father of Five and the most important designation...Christian!

Christopher has engaged in business ventures from real estate, hospitality, turnarounds and now has built his company Cutwater Shift to preserve equity for business owners seeking an exit. However, none of that means much at all when matched up with the task of building a strong Christian. After a challenging 10 year journey exploring how to follow Christ while engaging in successful, and not so successful, business ventures, the answer became crystal clear one early morning when he was divinely inspired to write the Giving Legacy Plan. Today, that plan is being implemented and Chris wants to share his journey and join with others also called to build businesses for the true glory of God.

Biblical verses such as Matthew 25:45; John 13:34-35; Ecclesiastes 12:13-14; Luke 18:22-27; Matthew 25:14,21,29; The Beatitudes, the Rich Young Ruler and many others are all tied together in a fascinating real-life example of how to build a multi-million dollar business while living out the mission to follow and live for Christ.

What is Your Mission?

If someone asked you if you accomplished your mission in life, what would your answer be: Yes or No? Would you be able to express what that mission is? If you are like most people, that is a tough topic to explore. At LIVE YOUR MISSION, you will be able to work through this very topic with others seeking to do the same and come away with a clearer path for your specific journey that God set forth just for you.

Christianity & Capitalism – Can they Co-Exist...and how?

How does making money fit in with my Christian life? Can I run a business, make millions of dollars and still live a solid Christian life? These topics will be explored and a biblical foundation will be discussed on an amazing realization by Christopher Riley on just how big business can be as Christian as mission trips and urban initiatives.

I know two things...there is a God, and I'm not Him!

Christopher Riley breaks down various Christian denominations and their attempt to play God and judge how others worship God and Christ. He explains the foundation behind how Peter is our example to model as we navigate a very difficult journey on earth to follow Christ's command to love one another as He loves us.
